Networking, Nestling and Nurturing NGOs Beyond Borders

Lead India foundation is a non-profit making, non religious, non political, non- governmental organisation registered under Section 25 of the Registrar of Companies. As an organization with social-economical-judicial concern, our mission is to uplift mankind & society and spread happiness in their life through the pursuit of Education, Social, economic, justice and to lead the NGOs of India to change lives by building up network of Indian and Abroad NGOs, interested to work for the development/improvement of the marginalized people. The organisation will put its effort to have a world without poverty and injustice in which every person enjoys their right to live with dignity. We are committed to social justice, sustainable development and human rights. The right to communicate freely is a basic human right and a necessity for sustainable development. Access to information is essential to informed decision-making at all levels.

We are committed to the dissemination of information and promotion of sustainable development initiatives, in response to the needs of the organisations who work for the underrepresented and marginalized sectors of society. For bridging the data gap and improving information availability we are committed to develop and establish an ideal medium for the Participation and exchange of a trusted and accurate source of quality information among grant makers and grant seekers.

Lead India Foundation is a national level Non-Government, Social Service-oriented Organization, emerged in February 2000 by a group of likeminded, elite professionals and academicians from various segments of society, long five years vigorous research with NGOs in the different part of India, especially working in the very remote part of the country working restlessly to achieve its purpose. The responsibility of Lead India Foundation is mainly to facilitate better quality of social and developmental professionalism, in all its realms through networking grass root level NGOs and strengthening them trough capacity building socially and financially so that they can work for community mobilization, poverty alleviation, child development, sustainable development, education, environment, economic development, panchayati raj and participatory governance based on sustainable natural resource management. Thus community participation, health, education, protection and promotion of environment and social capital are central to the activities of the organization.

Our sole aim is to promote Information collaborations and Constructive communication between NGOs, to develop effective partnership with each other. We are in the process of networking for the access, sharing and dissemination of information, Collaboration and Partnerships between NGOs themselves and with other organizations. Our networking is to strengthen community organizations by boosting its knowledge base and its ability to share information and experiences with strategic allies and other partners in relevant field. Capacity building of grassroots level NGOs, social workers through free online/offline resources and information on a single platform. To serve non-profit organisations, charities, grassroots and community groups, educational and research institutions. We strongly recommend for sharing of ideas among NGOs and development agents. Avail free, easy and instant access to information. Help NGOs in their fund-raising efforts. Provide more options before Funding Agencies to select the right choice of organisation to support and work with. Contributions from people and NGOs like you will provide us with financial support to accelerate our mission to reach out to the needy.
