Outing Miles for Optimising smiles is a Fund Raising Charity Rally of Lead India Foundation, a not for profit making, secular, non political, legal and non governmental going to be a global organisation. We are mostly into networking, nestling and nurturing the NGOs (Grantseekers) working in the grass root level and linking them with different GO and NGO (Grantmakers), attempting to see the funding possibilities for our members by preparing their Project proposal and submitting them to the concerned funding agencies. The Rally is intending to gather more and more organisations to the part of this history making event and at the same time raising an amount of 125 crores for eight causes.

We, at Lead India Foundation believe that, India is a self sufficient country and is a great country for fundraising activity. If one Indian donates One rupee in a day, and all Indians do the same on that day, then the collection of the day will be more than 125 crores. And this "Daydream" can be a "Definite Truth" if all sections of people will come forward and support this rally and be a part of Lead India Network and member of IDEAL INDIAN CLUB.

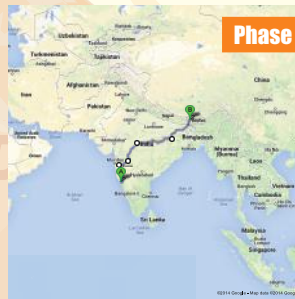

The ultimate goal of the Lead India Charity Rally is to bring, the Grantmakers and grantseekers working for below causes, under one roof to get the best of their service and to promote their goal with a national level awareness campaign. Rupees 125 crores for the below causes which will be later on disbursed through innovative projects to the eligible grantmakers and grantseekers participated in the rally.
