INTRODUCTION

What is Lead India?

Lead India Foundation is an ISO 9001- 2008 certified not for profit, non-religious, nonpolitical, non-governmental organisation, established to network, nestle and nurture NGOs across the country, so that a single aim and a single action in a single area can bring a sustainable and successful positive social change and will spread across the nation at a single time. To achieve this objective, all the NGOs who are united by us through networking, nestling and nurturing will be motivated, mentored and monitored in a regular basis to bring a visible and sustainable social change across the country at one time.

What is Local Indians' Financial Inclusion, Entrepreneurship & Empowerment?

Lead India Finsurance means that individuals and businesses have access to useful and affordable financial products and services that meet their needs – transactions, payments, savings, credit and insurance – delivered in a responsible and sustainable way.

Access to a transaction account is a first step toward broader financial inclusion since it allows people to store money, and send and receive payments. A transaction account can also serve as a gateway to other financial services, which is why ensuring that people worldwide can have access to a transaction account is the focus of the World Bank Group's Universal Financial Access 2020 initiative.

What is it established?

- ▶ An estimated 2 billion adults worldwide don't have a basic account.
- ▶ Globally, 59% of adults without an account cite a lack of enough money as a key reason, which implies that financial services aren't yet affordable or designed to fit low income users. Other barriers to account-opening include distance from a financial service provider, lack of necessary documentation papers, lack of trust in financial service providers, and religion. More than 200 million formal and informal micro, small and medium-sized enterprises (MSMEs) in emerging economies lack adequate financing to thrive and grow.

What is Finsurance?

Financial access facilitates day-to-day living, and helps families and businesses plan for everything from long-term goals to unexpected emergencies. As accountholders, people are more likely to use other financial services, such as credit and insurance, to start and expand businesses, invest in education or health, manage risk, and weather financial shocks, which can improve the overall quality of their lives.

About Give Globally Foundation

Give Globally Foundation is a not for profit making organization working to promote other not for profit organizations working in different part of India in specific and world in broader way, to bring the change in the society and to help the people in need especially addressing Extreme Poverty as per the norms of GLOBAL GOALS. We have seen that, many NGOs are there who are doing very nice work in the sector of development, but have less access to information and internet, as a result of that they are not able to develop themselves as per the goal they have. In collaboration with Lead India Foundation, we are working to network these Organizations to nestle and nurture, by giving them access to information and internet, through our supporting team so that they can develop. Give them a platform to discuss at the international level. We Support the work of Lead India Foundation in India and do all the work for Lead India Foundation from 2016 from USA.

Networking and Fundraising

In these challenging times, NGO managers and fundraisers are under more pressure than ever to diversify their funding sources. While sources of funding are numerous, identifying viable prospects, and navigating the complexities of applying can be extremely challenging. As a consequence numerous sources are overlooked and NGOs get often discouraged by the complexity of donor's systems ending up with not even applying for those funds.

Medical : Assistance, Medical Business Loan and Medical Insurance

People living below Poverty line or lower middle class suffer a lot in the medical difficulties physically, financially, mentally and socially. In these times, mostly relatives, close family members support them but with their helplessness. People in medical distress suffer but the family members are in more distress and highly exploited by the Doctors, medical agents and the local health service providers, in spite of that they are in tremendous tension whether the patient will recover or lose the LIFIEE.

Looking at all these aspects of medical difficulties faced by the poor, Lead India Finsurance Inclusion program gives the following services under MALI to global Citizen Forum members, Ideal Indian Members and the members of LIFIEE Club:

- Free Medical Assistance, Free Counselling, Free Liaison with Hospitals and Doctors, Free follow up
- Medical Loan up to 1 lac but not limited to 1 lac in case of acute financial difficulties based on the situation.
- Medical insurance coverage up to 5 lacs to all the eligible members provided that they separately include themselves in the medical insurance schemes.

Educational Assistance, Educational Business Loan and Insurance

Getting quality education has become a challenge among the people living below poverty line and lower middle class and middle class. It becomes worst if the financial condition of the family goes down as all the family members require to work for their family survival, to obtain two times meal for existence. If the chief income person faces any unfortunate calamity, or the student requires to pursue a course of their choice, want to go for a good school, then it becomes next to impossible for these families to support financially. Banks are helpless in these cases as the financial status of the family is not good enough to pay the borrowed money back.

Looking at all these aspects of medical difficulties faced by the poor, Lead India Finsurance Inclusion program gives the following services under EALI to global Citizen Forum members, Ideal Indian Members and the members of LIFIEE Club subject to availability of fund:

- Quality education assistance to the members and their family members, Assistance for educational coaching, 50% discounts fees for any student in the Lead India led coaching classes initiated by careernext Pvt. Ltd., Assistance for domestic and foreign education, right information for higher education by specialists.
- Education Loan up to 15 lacs, assistance in bank balance management of up to 25lacs in case of foreign studies.
- In case of the death or permanent disability of the chief income holder of the family education insurance of up to 1 lac.

Legal Assistance, Legal Disaster Loan and Legal Security

Video conferencing facilities, to be set up at Common Service Centres to connect poor people with lawyers

Lawyers on the panel of State Legal Service Authority will give advice

INJUSTICE ANYWHERE is threat to JUSTICE EVERYWHERE
Martin Luther King Jr.

Legal sufferings are the most devastating elements in the BPL and PL families. They lost their reputation and remuneration, once they fall in the clutches of Law. Whatever the situation may be, for the fault of a single person the whole family suffers. The family loses the income, family members live a disgraceful LIFIEE and face insults everywhere in the society and in front of the administration. The dependents of the family, especially the minors become the victims. During the custody, the family comes across high level of tension, running to the courts, meeting the lawyer, paying the fees, tolerating the uncivilized words of the police officers.

Looking at all these aspects of medical difficulties faced by the poor, Lead India Finsurance Inclusion program gives the following services under LALI to global Citizen Forum members, Ideal Indian Members and the members of LIFIEE Club subject to availability of fund:

- Free legal Assistance to the members, legal counselling and support irrespective of the decision of the judge, liaison with lawyers and Judges free of cost instantly in legal distress
- Legal Loan upto 1 lac in case of arrest, in custody or in jail to meet the immediate financial need of the family
- Free legal insurance upto 1 lac to the family in case of the chief earning person goes to jail for any matter, if the previous legal record is good.

Economic promotion, protection, development and management

Agricultural Assistance, Agri Business Loan and Agri Insurance

Peasant of our country live mostly the LIFIEE affected by extreme poverty. Their condition becomes bad day to day as they did not get exposure to the mainstream as compared to the peasants of countries like USA and UK. Their harvest is sold in very minimum rate, they have no position in the society, and they are always neglected by the governments, banks and big administrative officers. The rate of their suicide increases day by day in channels and newspapers. They live a very miserable LIFIEE and most of the people either live in debts or with zero savings.

Looking at all these aspects of medical difficulties faced by the poor, Lead India Finsurance Inclusion program gives the following services under LIFIEE to global Citizen Forum members, Ideal Indian Members and the members of LIFIEE Club subject to availability of fund:

- Free Assistance on technology knowledge for good agriculture and assistance to sell them in a good rate with good margin. Liaison with government agencies, banks, MFIs and international organisations for their economic growth, linking them directly with corporates and assisting to open Village Malls to sell their products in a good rate
- Agricultural loan assistance in collaboration with banks and other lending agencies and linking them with government and international agencies to get the financial benefits provided to the peasants.
- Peasant Insurance and crop insurance to all upto one lac.

GATI is an intensive, incisive and innovative program to inspire the innovative entrepreneurs for Social-economic change

Employment is a great social challenge among the youths of India whether in urban or in rural. It creates inequality, insecurity and build frustration among the youth that leads to social imbalance. Government Jobs have become hectic competitive and a daydream which sometime leads to corruption in the bureaucracy. Private sector is not secured and for the poor people getting a job in the multinational company is like a daydream.

Looking at all these aspects of medical difficulties faced by the poor, Lead India Financial Inclusion program gives the following services under EmALI to global Citizen Forum members, Ideal Indian Members and the members of LIFIEE Club subject to availability of fund:

- Free Assistance to Youths and people in the need of Job to access to information, job melas, opening job sites, job assistance workshops, training, opening competitive exam training centres and promoting Lead India Institution for Innovations and Sustainable Development programs.
- Loans to start own small scale-based business and linking them with public and private sector.
- Employment insurance to the members of upto 5 lacs in case of economic crisis in the family.

Economic promotion, protection, development and management

Entrepreneurship Assistance, Loan and Innovation Support Insurance

Entrepreneurship is a challenge and opens new door for the people in poverty. Due to lack of money power, they could not think of or dream to become a startup entrepreneur. Even though they dare to do the startup business, due to lack of access to information, proper advertising, Liaison, link up to the government, understanding the market needs, exploring the right market, they face bankruptcy and loss the business, name and fame.

Looking at all these aspects of medical difficulties faced by the poor, Lead India Financial Inclusion program gives the following services under EnALI to global Citizen Forum members, Ideal Indian Members and the members of LIFIEE Club subject to availability of fund:

- Assisting start up entrepreneurs for local and global access for Liasoning and marketing their ideas
- Giving training and set up start up business in the education and consultancy sector and helping them on starting small, medium and large-scale industries by linking them with MSME.
- Granting loan upto 5 lacs to start a new business and guiding them for future development with success and granting them an insurance of upto 10 lacs.

10 Most Profitable Livestock Farming Business LIFIEE will Promote through entrepreneurial funding in Rurban India

Since ancient times, livestock or farm animals have been a good source of income for human beings. And at present, livestock farming is undoubtedly a money-making business both as large-scale and small-scale. If you want to start a livestock production business then here are some of the most profitable livestock farming business ideas. If you have little space at your backyard then you can start farming there or else you can acquire a space for rent. The only thing you need to keep in mind is select an animal that has good demand in the market.

Dairy Farming

Dairy farming is popular all over the world. Dairy farming is a great way for farmers to boost their income and access to more nutritious food for their families. While subsistence dairy farming gives not only fresh milk & a source of basic income, value-added products like yogurt & cheese, provide a higher source of revenue.

Goat Farming

Goat farming is one of the most profitable business livestock farming business. Goat gives us milk and meat. Goat farming is a low-investment & high-profit livestock farming business. They don't need a big area for housing due to their small body size in comparison to other livestock animals. In addition, goat farming ensures quick and high ROI depending on the investment amount.

Crab Farming

Mud crabs are popular in the Asian countries like India, Bangladesh, Philippine, Thailand etc. These countries are the key producers of mud crabs. It must be noted that the product has huge international market demand. Also the flesh of mud crabs is appetizing. With very low capital investment, you can easily start and run a mud crab farming business.

Fish Farming

Fish farming is another money-making business for the agropreneurs who have ample water bodies. Nevertheless, you can also raise fishes on tanks. You can opt for different types of carp fishes, shrimp, catfish, prawn and salmon. While starting a fish farming business, it is important to do a market study to understand the local demand. These days, ornamental fish farming is also gaining popularity.

Pearl Farming

At present, cultured pearl industry is getting huge prominence. These cultured pearls make up almost 100 percent of the pearls sold nowadays. You can produce pearls artificially in a pearl farm. Pearl farming is a highly profitable livestock business, though it requires long-term planning.

Pig Farming

Another profitable livestock business idea is pig farming. More than 1 billion pigs are butchered every year worldwide. The largest pig exporting nations include the US, European Union & Canada. Majority of pigs are used for human food but its skin, fat & other materials are also used as clothing, cosmetics, processed foods ingredients and for medical use.

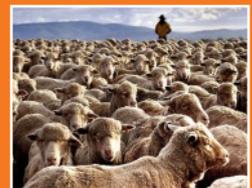

Quail Farming

Though quail is a small poultry bird but its farming is quite profitable for farmers. The benefits of quail farming are quick growth, early sex maturity, short generation interval & prolificacy in egg production. Also quail meat has less fat & fewer calories, making it an ideal food for health-conscious people. Quail eggs as well as meat are well-known for being rich source of vitamins, essential amino acids, phospholipids and unsaturated fatty acids. And all of these are essential for human physical & mental development.

Sheep Farming

Sheep farming is also a lucrative business for livestock farmers. One can raise sheep for its milk, meat, & fiber. But, you need to choose specific breeds depending on the agro-climatic condition of your region. Some of the important sheep producing countries include mainland China, Australia, India, Iran etc. Before starting sheep farming business, you must draft a clear business plan that should include financial costs & revenue.

Duck Farming

Last but not least is duck farming. There are several meat & egg productive duck breeds available all over the world. If you are planning to start a low-cost livestock farming business then you may consider duck farming. You can also raise ducks without water. As ducks are hardy birds, they don't need extra care and management.

Poultry Farming

A person can start poultry farming for eggs as well as meat. In general, egg-producing hens are layers & meat-producing hens are broilers. As the demand for chicken meat is growing day-by-day, poultry farming is a profitable livestock business for farmers. You can easily start poultry farming on a small-scale or large-scale basis.

OUR ASSISTANCE : YOUR ATMANIRBHARTA WE ACHIEVE, WHAT WE BELIEVE

LIFIEE Program is looking forward for an Empowered and Atmanirbhar Bharat through following empowerment programs: We believe that the economic empowerment project should not only focus on making the poor a plumber, a fitter, a tailor, a carpenter or a computer operator, they are having more potentiality than these occupations, they can be bankers, social engineers, educators, End-service providers, e-commerce owners, leaders, Innovators and entrepreneurs.

LIFIEE believes in the concept of the PM Honorable Narendra Modi that a self-reliant India will stand on five pillars viz. Economy, which brings in quantum jump and not incremental change; Infrastructure, which should become the identity of India; System, based on 21st century technology driven arrangements; Vibrant Demography, which is our source of energy for a self-reliant India; and Demand, whereby the strength of our demand and supply chain should be utilized to full capacity. In this way LIFIEE program understands the importance of strengthening all stakeholders in the supply chain to increase, as well as fulfill, the demand.

Empowering our expertise are the following strengths:

- Extensive network depth across India
- Vast experience pool across the development spectrum
- Robust infrastructure facilities
- Deadline oriented approach towards projects/ assignments
- Quality over quantum

The LIFIE program is fully equipped with:

- Capable team of experienced, hands-on professionals
- Robust infrastructure to deliver quality output
- Extensive network depth to handle projects across geographies
- Vast experience in the discipline of research, evaluation and monitoring

INSPIRING THE ENTREPRENEURS
